Keith Clifton, Assistant District Governor, Co Chair
Hamilton Rotary Club

“Come Share Rotary Bermuda Style”

Experience Bermuda as a Rotarian; participate in their Community Service Projects. See how they practice the Object of Rotary—Bermuda Style!

Come honor one of our own who has put so much into the eradication of polio throughout the world. Share the night that we honor PDG Walter Maddocks for all he has done.

Be a part of the Island wide “Purple Pinkie Day” when students from all the schools learn about polio and support our efforts to eradicate this dreadful disease.

Take part in an archeological dig with other Rotarians from Bermuda. Get to know your fellow Rotarians.

And finally, share the fun at any of the optional activities with the locals.

“Come See the Best Bermuda has to Offer”

Anyone who has experienced Bermuda would know why they want to go back. And if you have not been there yet, here is some of what you have been missing:

- The most beautiful pink sand beaches in the world.
- Dining on some of the best cuisine on the planet.
- Golfing on some of the most beautiful golf courses anywhere.
- And experiencing the British culture as you never have before

You’ll have opportunities to explore this beautiful island and all that it offers, including museums, historic sites, shopping, and of course Rotary fellowship. You’ll be staying at the beautiful Fairmont Southampton, with its own private golf course, as well as award winning cuisine

So join me as we enjoy all that the island has to offer, and see how our Rotarians in Bermuda do things! This year’s “On-to-Bermuda” promises to be one of the best ever.
